# TEUTONS HOLD TWO-THIRDS OF SERBIAN TERRITORY

## Fierceness of Their Attack, However, Slackened on All Other Fronts

### RUSSIANS AGAIN ARE AGGRESSIVE FROM GALICIA TO RIGA--ALLIES ON BULGARIAN FRONT INCREASINGLY ACTIVE

(Associated Press)

London, Nov. 9.—Two-thirds of Serbia is controlled by the Germans and their allies. Within two weeks time they probably will be operating the railroad through Belgrade and Nish. This will give two routes to Constantinople. Communication via the Danube to Bulgaria is already open. Other fronts have been weakened to accomplish this, according to indications.

#### RUSSIAN PRESSURE INCREASING ON RIGA-DVINSK FRONT

Definite news have been received of Russian advances on the Riga-Dvinsk front, which is the last portion of the eastern front on which the invaders have kept anything like a definite offensive.

The Russians continue the policy of sharp and unexpected attacks at various points along this front. The latest consisted of three successful assaults southwest of Riga, two southwest of Dvinsk and three west of the Styra and south of the Pripiet marshes, where the Teutonic line was broken in two places.

#### ALLIES GIVING BULGARIANS TROUBLE

Thus far Germany's plans in the Balkans have worked smoothly. The latest news from Macedonia, however, indicates that the initiative will not be entirely in the invaders' hands much longer. Reports via Paris are that the entente forces are making their presence felt against the Bulgarians. It is reported the Serbians, who are holding part of the Macedonian front, have checked the Bulgarians after inflicting heavy losses. If the Serbians can sustain an attack for a short period, the French should be able to join them south of Velez.

#### MARKING TIME IN THE WEST

Except artillery exchanges on the western front nothing important has developed.

#### FRENCH ADVANCE ON SERBIAN FRONT

Paris, Nov. 9.—A Havas Athens dispatch, filed yesterday, reports the Allies' situation on the Serbian front satisfactory. The French are advancing. On the Anglo-French front northwest of Guevgeli, the Bulgarians now occupy the village of Ourmendi in Serbia.

#### SUCCESS FOR GERMANS EAST AND SOUTH

Berlin, Nov. 9.—The Germans announce the capture of the main Serbian positions south of Kraljevo. The Germans captured seven thousand Serbians in taking Krusevac. Heavy fighting on the Dvinsk front is reported by the war office and it is said the Russians were ejected from part of the captured line.

#### FIVE DOLLARS REWARD!

The home economics committee of the Ocala Woman's Club will give five dollars in gold to the person exhibiting at the Marion County Fair the best home-manufactured labor-saving device for use in the home. Such articles as fireless cookers, iceless refrigerators, egg testers, etc., have been put together by home ingenuity and there are doubtless others in the homes throughout the county. Bring them in to the fair and some one will get a five dollar gold piece.

The only condition is that there shall be at least three competitors. Our object is to do away with the old saying:

"Man works from sun to sun  
But woman's work is never done."  
For further information write to Mrs. W. T. Gary, Chairman, Ocala, Florida.

ADVERTISE IN THE STAR.

## OCALA WILL BE ORNAMENTED

### FINE DECORATIONS ALL OVER THE CITY WILL BE A FEATURE OF THE FAIR

Final arrangements of details for street decorations during the fair have been made by the committees in charge.

In the general budget made up by the fair directors no provision was made for decorating the streets during our big fair which is to be held the week after next, but thanks to the assistant secretary and or two real live ones among our professional men there will be more of this feature during the week than ever before.

As it is not customary for the doctors, dentists, lawyers, etc., to advertise in the generally accepted term of "advertising," and they have had no opportunity to contribute to the fund through the premium list and other publicity stunts, they have nearly all very generously responded to the call for decorating funds.

And now that the street decorations are assured it is hoped that every business house in the city will see to it that the scheme is carried out to the fullest extent by individual decorations. We understand that Collier Brothers have arranged for great quantities of flags and bunting for the occasion which may be leased for the week at a very moderate cost, so that those who do not have a supply of these on hand may get them. Decorate.

#### CLOSE ELECTION IN KENTUCKY

Stanley's Majority Over Republican Opponent is Very Slender

(Associated Press)

Louisville, Ky., Nov. 9.—With the returns from only one county not yet to be officially counted, A. O. Stanley last night had a majority of 327 over his republican opponent for governor of this state. The republicans are preparing to contest the returns.

#### FIRE AT THE UNIVERSITY OF FLORIDA

Gainesville, Sun: A fire which started in the chemical laboratory of the experiment station at the University of Florida last night destroyed practically all of the equipment and supplies in the two rooms in the west section of the building. The fire is supposed to have started from an explosion caused by chemicals in the southwest room, as this is the room to which the fire was confined and in which it originated.

#### DOING A BIG BUSINESS

The freight boat G. A. Carmichael and the big truck with its trailer are kept busy of late, hauling almost capacity loads of freight from Jacksonville to the Springs and thence to the Ocala merchants. It is time the people of Ocala appreciated and liberally patronized the boat line. It means many dollars saved to them, but without a liberal patronage the line will not be kept in operation, for so far it has proven anything but a money maker to the Carmichaels, who have put thousands of dollars of their personal funds into the venture.

#### ORANGE PACKER'S TICKETS

## GREEKS WANT GOLD

### APPLIED FOR A BIG LOAN TO THE ALLIES

(Associated Press)

Paris, Nov. 9.—The Greek government is reported to have appealed to the entente allies for an additional advance of eight million dollars, says a Havas Athens dispatch. The request will be considered sympathetically.

## DACIA WENT DOWN

### STATUS OF FAMOUS STEAMER DEFINITELY SETTLED BY A GERMAN SUB

(Associated Press)

Algiers, Nov. 9.—The French steamer Yaer, formerly the Dacia, which was seized by a French cruiser last February while carrying cotton to Germany, has been torpedoed and sunk by a German submarine.

## DOCTORS AT DALLAS

### SOUTHERN MEDICOS ASSEMBLED IN THE TEXAS CITY

(Associated Press)

Dallas, Nov. 9.—The Southern Medical Association formally opened its convention here today. The association has nearly five thousand members in fifteen southern states. There are about a thousand delegates attending the convention.

#### IMPOSSIBLE TO ENFORCE IT

### Drastic Law Passed by the Upper House of the Georgia Legislature

(Associated Press)

Atlanta, Ga., Nov. 9.—The Georgia senate has passed the Mangham-Ransom bill prohibiting liquor advertisements of any form in Georgia. The bill makes it a misdemeanor for the sale of any newspaper or periodical or magazine containing such advertisements.

#### FAY AND HIS FRIENDS

### Charged with Conspiracy, Can't Give Bond

(Associated Press)

New York, Nov. 9.—Robert Fay and four others, charged with conspiracy to blow up munition ships, pleaded not guilty. Their bail was fixed at \$25,000. Fay, Walter Sholz and Engelbert Brenkhorst could not give bond.

#### DREDGES IN THE BIG DITCH

### May Again Open it to Traffic Some Time Next Month

Panama, Nov. 9.—Dredging is proceeding so rapidly that it is virtually assured now that the canal will be open by the middle of December.

#### BEWARE CHEAP SUBSTITUTES

In these days of keen competition it is important that the public should see that they get Chamberlain's cough remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.

# ANOTHER STEAMER AFIRE IN MID-OCEAN

## CREW OF FRENCH BOAT LADEN WITH WAR SUPPLIES DISCOVERED A BLAZE IN THEIR CARGO

(Associated Press)

New York, Nov. 9.—Fire in the reserve coal bunkers of the French passenger steamer Rochambeau has been extinguished, according to a wireless message from Captain Juham. The vessel is proceeding to Bordeaux.

The fire was discovered on the Rochambeau yesterday and the vessel started for Halifax. The captain did not say how it started. The Rochambeau has 651 persons on board and a large cargo of war supplies but no high explosives.

## AUTO PRICES WILL GO UP

### PURCHASING A CAR NOW IS YOUR BEST POLICY

The automobile trade papers are generally agreed that the prices of automobiles will be advanced next year. There is a great demand for all of the raw material that goes into the construction of an automobile. Prices of most of the raw material and of all of the finished material is advancing steadily. Many of the minor parts of the cars are made by factories that specialize on these parts. These factories are overworked many of them are engaged in making ammunition and other munitions of war for the warring nations of Europe. It is very difficult for some of the automobile manufacturers to get these parts made fast enough.

The general improved business conditions throughout the country have created an almost unprecedented demand for manufactured articles and most of the factories, the mines and the furnaces are overworked, many of them having their product or output sold away ahead. The natural result will be a decided advance in the price of automobiles as well as many other products of the big factories of the north and east.

#### DR. NEWSON VERY LOW

Dr. W. V. Newsom, one of Ocala's most respected citizens and for many years a medical practitioner endeared in the hearts of thousands, is very low, at his home on East Fort King avenue, and the end is expected at any moment.

#### MR. CROSBY IS IMPROVING

His many friends in this part of the state will be glad to know that Mr. W. J. Crosby is convalescing and was able to walk up town yesterday. Mr. Crosby has been confined to his home for several months. It is now thought his recovery will be speedy and complete.

#### VAN BONEY'S NEW CAR

Mr. Van Boney returned from Tampa yesterday driving a handsome big eight-cylinder Cadillac 7-passenger car which he bought there. The car has only been run a little while and is in perfect condition and looks like it had just come out of the sales rooms.

Mr. Boney has just had his 5-passenger Oakland worked over and painted by Fred McAtee, of the Ocala Wagon Works, and it looks and runs like new. In addition he has a big 6-passenger 1913 model Cadillac on the street, and with the three big cars expects to do a nice hack and country trip business this winter.

Messrs. Borden and Stroud are meeting with great success with their skating rink.

#### EVERY HOME NEEDS A FAITHFUL COUGH AND COLD REMEDY

When seasons change and colds appear—when you first detect a cold after sitting next to one who has sneezed, then it is that a tried and tested remedy should be faithfully used. "I never wrote a testimonial before, but I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried them all." 50c. and \$1. No. 1.

## COLORED VOTE TO BE CORRUPTED

### SALOON MEN HOPE TO WIN BY BUYING NEGROES LIKE SO MANY SHEEP

It has been believed that the wets have carried Marion county in former campaigns by wholesale corruption of the lower class of negroes. While this has been always understood, tangible evidence has been lacking until Monday, when a citizen picked up a receipt dropped in front of his residence and brought it to the Star office. The receipt was as follows:

Ocala, Fla., Nov. 2nd, 1915.

In consideration of twenty dollars in hand paid, I agree to use my best efforts to carry Martel precinct "wet," and in the event the precinct and county goes wet, it is understood that I will receive thirty dollars additional.

Signed: John J. Mobley.  
Marion Protective Association.  
By.....?

#### WHO MOBLEY IS

A search of the registration books shows that John J. Mobley is a negro voter of Martel precinct.

There is undoubtedly a "Mobley" at work among the negroes of every precinct in the county where there are enough negro votes to affect the result.

There are probably several "Mobleys" at work in Ocala precinct.

How do the white voters of Marion county view this?

How do they like the idea of having a public question decided by an appeal to the baser appetites of the lowest class of voters?

What do the respectable colored people of the county—those who are trying to have good homes, schools and churches and prosperous business establishments, think of the men who for gain try to debauch their race?

## IMMENSE BUSINESS FOR AMERICA

### French Will Hereafter Buy Structural Supplies from Their Trans-Atlantic Friends

(Associated Press)

New York, Nov. 9.—Five members of the French industrial relations commission arrived this morning on the steamer LaFayette to arrange for the purchase of \$160,000,000 worth of structural iron and steel machinery and industrial supplies, this material for use after the war. This material was formerly bought from Germany.

#### HOW TO PREVENT CROUP

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

# ON HIS WAY TO INDIA

## Kitchener Needed to Steady British Control

### IN SPITE OF CENSORSHIP, REPORTS OF UNREST AMONG NATIVES CONTINUE TO LEAK OUT

(Associated Press)

Washington, Nov. 9.—The ultimate destination of Earl Kitchener, secretary of state for war of Great Britain, reported on his way to the East, is India, according to confidential and reliable information received here. British rule there is confronted with a more serious state of unrest than is generally known outside of British official circles, says the source of information. Through veiled channels in India and Egypt comes the report that Nawab Sultan Ul Mulk Nasim of Hyderabad, one of the most influential natives prices and a loyal supporter of the British, has been deposed by the people. This is followed by reports of mutinies and unrest.

## SITE SELECTED

### ERECTION OF UNION PASSENGER STATION NEXT BIG BUILDING OPERATION

The Star is informed that the railroad companies have purchased or at least secured an option on the land needed for the erection of the new union passenger station. The station, we are told, will be on the site of the old ice factory, just north of the crossing.

The Star has preferred another site for the station, but it hopes that now the matter has been decided, that the work will begin next May and be carried to a finish. The location is inconvenient and the surroundings are unlovely, but as the city grows the first objection will lessen and the second can be removed very soon by improving the property in the vicinity. By this time next year, it is almost certain that Ocala will have a big and handsome union station.

#### UP-TO-DATE OFFICES

The friends of Doctors H. C. Dozier, E. G. Lindner and J. Harry Walters must congratulate them on their new and elegant offices in the Lanier Robertson block, north of the Ocala National Bank.

Dr. Dozier has made the upper story of this building his office home for several years, and a few months ago the other two medical gentlemen decided to join him in that convenient location. In order to carry out the plan, the proprietor, with the aid of that very efficient contractor, Mr. W. C. Blanchard, had the entire floor overhauled and put in the best shape possible for the purpose.

The friends of any or all of the three doctors, on going up-stairs will find themselves in a room and handsomely furnished hall. Naturally turning to the right, they find themselves in the ante-room, which is nothing less than an elegant parlor, in which Miss Alice Sexton presides.

Miss Sexton, at home through office hours, always knows where the doctors are, and is something of a doctor herself if anybody sick or injured comes in when all the others are out. She is a most efficient young lady for the position as well as a charming one, and all that worries the medical triumvirate is that they can't count on keeping her forever, or even a very large part of it.

Dr. Dozier's office and operating room are in front, where they always have been, but have been refitted and are in excellent shape. Dr. Lindner's office is on the eastern side of the anteroom, and Dr. Walters' office at the east end of the hall, with an operating room in the corner-room of the building, between their offices.

Each of the three gentlemen has exercised his own good taste in the individual arrangement and fitting-up of his own quarters. They make an excellent combination, and a visit to the trio is enough to impress almost anybody with the cheerful belief that anything that can't be cured can hardly happen to anybody.

## ORANGE COLORED BADGE FOR EACH EXHIBITOR

### SHINING MARKS OF MERIT FOR THOSE WHO HELP TO MAKE THE FAIR A SUCCESS

A very neat orange colored badge has been secured for every exhibitor at the county fair this season. These badges will be distributed to the exhibitors when they secure their exhibitor's tickets. So when you see an orange colored badge you may know that the wearer has contributed his part towards making up the biggest fair that Marion county has ever enjoyed. Are you going to be in position to get one?

#### BUSINESS AND SOCIAL MEETING OF PHILATHEAS

The Philathea class of the Baptist Sunday school held a business and social meeting Monday evening at the home of their teacher, Mrs. W. A. Goin. The class has a membership of about fifty young women, thirty of whom responded to the invitation, to combine business and pleasure. Following is a list of those present:

Mr. and Mrs. W. A. Goin, Mr. and Mrs. William Charles, Misses Elsie Hall, Minnie Lee Carlisle, Elizabeth Suber, Ollie Leavengood, Ida Martin, Winnie Hunt, Frances Tarver, Jettie McCann, Florence Samson, Jewell Carroll, Garnette Bose, Pearl Keefe, Sallie Morrison, Annie Morrison, Katherine Livingston, Annie Needham, Dorothy Webber, Mildred Warner, Allie Wey, Ruth Robinson, Miss Lee, Miss Dedge, Mrs. Katie Pickrell and Mrs. Roy Anderson.

On the first of October the officers for the ensuing six months were elected as follows: Miss Rebecca Counts, president; Miss Louise Booe, vice president; Miss Garnette Bose, secretary; Miss Frances Tarver, assistant secretary; Misses Lottie and Sallie Morrison, corresponding secretaries; Mrs. R. L. Carter, treasurer.

The meeting this month was for the purpose of outlining the work and appointing chairmen for the various committees. The recreational committee is under the supervision of Miss Irma Brigrance, who plans to have a social meeting of the class once every month. This committee is also looking forward to building a tennis court on the church lot on Oklawaha avenue. The committee on civic righteousness, led by Miss Louise Booe, will work with various organizations of the city who stand for the upbuilding of Ocala. Mrs. E. W. Martin will have charge of the Philathea room and grounds adjoining. The missionary activities of the class will be ably directed by Miss Frances Tarver, who will be the leader of the Y. W. A. work. The department will be subdivided, having a benevolence committee with Mrs. Walter Marsh as chairman, and a personal service committee with Miss Garnette Bose as chairman. Then last the department which exemplifies the great army for which Philatheas in all the world are working—Win One. "Win One for Christ!" This work is headed by Miss Katherine Livingston, who begins her work with the cradle roll. Miss Winnie Hunt has charge of the lookout committee of the Win One department and Mrs. William Charles the visiting committee. The finances of the class are planned by Miss Minnie Lee Carlisle, assisted by Mrs. R. L. Marsh, treasurer.

At this meeting five new members were welcomed, namely: Miss Johnson of Tennessee; Miss Allie Wey of Bartow; Miss Warner, who comes from Michigan; Miss Ruth Robertson, Lakeland, and Miss Bertha Lee from Gainesville. These young women are all members of Philathea classes in their home cities and bring to the
